Unit Select the best method of payment

Activity sheet 3.18.2

Rashid Kauser pays for several items which are listed in the left-hand column of the chart below. In the centre column are two alternative payment methods. Decide which one he is most likely to use. In the third column state the reason for your choice.

Item	Payment methods (delete one)	Reason for choice
a Newspaper from shop on his way to work	cash <i>or</i> cheque	
b A new car	direct debit <i>or</i> cheque	
c A portable television	credit card <i>or</i> direct credit	
d £20 to his niece for her birthday	debit card <i>or</i> cash	
e An engineer who comes to repair the washing machine	cheque <i>or</i> direct debit	
f His monthly subscription to a fitness club	debit card <i>or</i> direct debit	
g Ice-cream from a van	cash <i>or</i> credit card	
h £100 into his savings account each month. His savings account is at a bank different from the one where he keeps his current account	cheque <i>or</i> direct credit	
i His car insurance. He is paying this bill over the telephone	credit card <i>or</i> cash
